

# Public Surveys Regents Road Bridge

1) Nextdoor 66% in favor of the bridge.

2) Facebook 63% in favor of the bridge.

3) Regents Road Bridge December 2014 Scoping Comments 28 to 18 or 61% in favor of the bridge.

4) The comments that were due for the PEIR in August 2016 contain letters from most residents who live next to Regents Road. They had been waiting several years for this opportunity. Residents immediately flanking the bridge purchased their property at a discount because of the looming bridge and can turn a quick profit by eliminating the bridge. Some of the properties have long Regents Road frontages, with the bridge off the plan these properties could be rezoned for additional lots and a large profit. This weighted heavily on the letters where 100 did not want the bridge and 40 wanted the bridge. However this survey should be ignored since the PEIR was substantially changed after August 16<sup>th</sup>, in particular PEIR section 9.2.3 - No Construction of Regents Road Bridge and Widening Reconfiguration of Genesee. This 120 million dollar monster involves a multi lane tunnel under Genesee and would have triggered a much different response from the community.

Note: the names of persons on the Nextdoor and Facebook slides were blacked out.
